CR0785829

This technical diagram illustrates the exploded view of a washing machine drum assembly. The central component is the drum (12), which is mounted on a support structure (4). The drum is connected to a motor (20) via a drive shaft (7) and a pulley system (8, 9). The motor is mounted on a base (21) and is connected to a power cord (22). The drum is also connected to a water inlet valve (17) and a water outlet valve (18). The diagram includes various other components such as a detergent dispenser (6), a door lock (14), and a door hinge (15). The assembly is shown in a disassembled state to highlight the individual parts and their relative positions.
