Para que se mantenga la validez de la garantía, deberán haberse observado las condiciones de mantenimiento de acuerdo con nuestras instrucciones, habiéndose puesto especial cuidado y habiéndose tramitado la reclamación de la garantía sin demora.

El aparato en cuestión no debe usarse durante el servicio de espera si existe el riesgo de que se produzcan más daños o desperfectos.

La garantía no cubre el consumo de suministros tales como piezas de cristal, ni cuestiones como el mantenimiento normal por limpieza de filtros, la contaminación de agua, la formación de depósitos de carbonato cálcico o problemas por valores incorrectos de voltaje, presión o cantidad de agua.

La garantía no cubre daños por deficiencias causadas por un manejo y un funcionamiento incorrectos del aparato.

**Note:**

Parts 19, 20, 21, 22 and 23 are for machines fitted with automatic water taps.

For the warranty to be valid, the conditions for maintenance must have been followed in accordance with our instructions, proper care must have been taken and any claim against the warranty must be sent without delay.

The equipment in question may not be used while awaiting service if there is any risk that the damage or defect would worsen.

The warranty will not cover the consumption of supplies such as glassware, normal maintenance such as the cleaning of filters, water contamination, limescale or problems associated with incorrect voltages, pressure or amounts of water.

The warranty will not cover damages of defects caused by the incorrect handling and operation of the appliance.
